1. 0013895, 0013896 and GWINNETT COUNTY

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has proved the Location and De sign of this project.

The date of location and design approval is: August 27, 2021

The proposed project will convert the traditional signalized intersections on SR 316 at Hurricane Trail and SR8/US29/Winder Highway to grade-separated inter-SR6/US29/Willder Flighway to grade-separated inter-changes to provide free flow/interstate operations on SR 316. Fence Road will have its access closed to SR 316 and will be relocated to connect with Winder High-way. The proposed project is approximately 3-miles in length and is east of the city limits of Lawrenceville located along SR 316 approxi-mately 0.1-mile east of the Cedars Road intersection and ends west of the Sugar-loaf Parkway interchange east in Land Districts 5 and

The project is grouped together as PI Nos. 0013895, 0013896, and 0013897 so that the interchanges are connected together, construction work completed at one time over the approximate three-mile section. Construction will be to the outside of the existing SR 316 lanes and traffic shifted onto the new SR 316 lanes after completion of the interchanges. No additional lanes are being added to SR 316. 316. Project construction would require one detour with multiple routes for an approximate duration of nine to twelve months.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspec-tion at the Georgia Department of Transportation:

Notice is hereby given that the Georgia Department of Transportation has approved the use of and the routing of

a detour for this project. The date of detour approval is: September 8, 2021

The proposed project begins along SR 316 approximately 600 feet east of the Cedars Road intersection and ends at the ramp to Sugarloaf Parkway southbound. This project is located in Gwingett County and ed in Gwinnett County and would convert the traditional signalized intersections on SR 316 at Hurricane Trail and Winder Highway to interchanges. Hurricane Trail and Winder Highway would be raised/elevated over SR 316 with bridges to provide free flow/interstate operations on SR 316. Fence Road will have its access closed to SR 316 and will be closed to SR 316 and will be relocated to connect with Winder Highway. The project is grouped together as PI Nos. 0013895, 0013896, and 0013897 so that the interchanges are connected together, and construction work completed at one time over the three-mile section. Construction will be to the outside of tion will be to the outside of the existing SR 316 lanes and traffic shifted onto the new SR 316 lanes after completion of the interchanges. No additional changes. No additional lanes are being added to SR 316. The proposed mainline section would consist of two 12-foot travel lanes in each direction with a depressed grassed median, 14-foot wide outside shoulders (12-

foot paved and 2-foot grass) and 12-foot wide inside shoulders (10-foot paved and 2-foot grass). This project would include one detour with multiple routes with a projected dura-tion of nine to twelve months. For this detour, Hurricane Trail at SR 316 will be closed to build the new bridges over the exist-ing and new SR 316 lanes. SR 316 access will be main-tained at Goodwin Ammonia during construction temporary driveways. Local traffic will be detoured to Hurricane Shoals Road dur-ing construction. The Good-win Ammonia Company driveways to SR 316 will also be closed permanently but the driveways will remain open during construction of the interchange.
